Sherwood Casement & Awning windows are an important investment, and your peace of mind is important to us. The best technology and most vigorous standards make Sherwood windows a distinguished choice. Our transferrable Limited Lifetime Warranty guarantees that your satisfaction is assured.

The key to Sherwood Windows is its patented TimberView technology. This “float” method needs no adhesives or fasteners. And, there is no potential moisture build up behind the wood. No other wood window technology comes close.

All Sherwood windows with IntelliGlass meet ENERGY STAR requirements for all regions of the USA.
