

MANUFACTURER'S CERTIFICATION STATEMENT

Vinylmax LLC, headquartered at 2921 McBride Ct, Hamilton, OH 45011, certifies that certain exterior windows and doors that are ENERGY STAR® qualified for the climate zone in which they are installed may be eligible for the tax credits as set forth in the extension of the American Taxpayer Relief Act of 2013, the Non-Business Energy Property Tax Credits, and/or the Bipartisan Budget Act of 2018.

To qualify, exterior windows and doors must be ENERGY STAR qualified, and must be installed in your principal residence during the time indicated in the specific tax code.

In accordance with IRS guidelines for a Manufacturer's Certification Statement, the taxpayer may rely on this Statement that certain Vinylmax windows and doors are 'Eligible Building Envelope Components' as long as they meet or exceed the ENERGY STAR® requirements for windows and exterior doors, depending on the climate zone in which the product is installed. There may be additional requirements and limitations on claiming tax credits.

For more information about Federal Tax Credits, visit:

https://www.energystar.gov/about/federal_tax_credits

This Statement does not certify the amount of tax credits that a taxpayer may receive or that individual taxpayers meet all requirements necessary to obtain such tax credits. Taxpayers should consult a tax professional. Vinylmax assumes no liability regarding the taxpayer's ability to obtain tax credits. The taxpayer is not required to attach this Statement to their tax return, but other proof of purchase requirements may be required.

Under penalties of perjury, I declare that I have examined this certification statement, and to the best of my knowledge and belief, the facts are true, correct and complete.
