WOCD

WINDOW OPENING CONTROL DEVICE

WOCD (FIELD INSTALLED)

This Field Installed WOCD easily mounts to the top sash, providing protection against accidental falls from the window, by restricting the height that the sash can be raised to <4". Includes (2) screws for mounting; professional install recommended.

PRICE PER WOCD UNIT | \$32.00

WOCD (EXT. JAMB | FIELD INSTALLED)

This Field Installed WOCD for windows with Extension Jambs easily mounts to the jamb extension of the top sash, at a height which restricts the window from opening to <4", thereby providing protection against accidental falls from the window. Includes (2) screws for mounting; professional install recommended.

PRICE PER WOCD UNIT | \$32.00

WOCD (FACTORY INSTALLED)

This Factory Installed WOCD provides protection against accidental falls from the window, by restricting the height that the sash can be raised to <4".

PRICE PER WOCD UNIT | \$32.00

When properly installed and engaged, WOCDs will not permit passage of a rigid sphere 4" in diameter or larger through the lowest clear opened portion of the window.
