Casements & Awnings

STANDARD FEATURES

CASEMENTS AWNINGS

1. **Fusion welded frame and sash corners** are secure, weathertight and never pull apart.
2. **Multi-chambered vinyl frame and sash** are energy efficient, maintenance-free and last a lifetime.
3. **Beveled sash exterior** gracefully accents every architectural style.
4. **Dual paned IntelliGlass high performance insulated glass** produces exceptional energy performance.
5. **Intercept warm-edge spacer system** has proven seal integrity and conducts less heat and cold than other systems.
6. **Color-matched compression seals** are foam filled and create a water and weathertight seal around the entire opening on both the frame and the sash.
7. **Premium operating hardware** effortlessly handles the weight of even the heaviest sashes with smooth, quiet operation.
8. **Sealed operator housing and protected gear drive** minimizes contaminants from affecting operation.
9. **Patented laser-cut gear teeth** are hardened for superior strength.
10. **Fold-down crank handle** subtly nests into the operator housing to prevent interference with window treatments.
11. **Sashes open a full 90 degrees** for both maximum ventilation and for cleaning both sides of the glass from inside the home.
12. **Multi-point locking system** secures the sash tightly into the frame in at least three locking locations.
13. **Sequential lock operation** assists sash pull in for effortless locking of even the tallest windows.
14. **Single lever lock handle** actuates the locking system with an audible click to signify open/closed positions.
15. **Color Matched Screen** with concealed retention system and excellent visibility screen mesh.

Casements

Awnings

Prestige Casement & Awning windows are a breeze to operate and clean. Our robust gear and aggressive tooth design allow windows to fully open with only seven turns of the elegant fold down handle.

One, two and three lite casements complement a variety of architectural styles

Awning and fixed lites showcase a spectacular view

ANATOMY OF AN ENERGY EFFICIENT WINDOW

1. **Quality Frame Materials:** low-maintenance frame materials, like vinyl, reduce heat transfer and help to better insulate.
2. **Multiple Panes:** two or three panes of glass with a gas filled airspace are energy-efficient, resist impact damage and provide sound insulation.
3. **Low E Glass:** reflects heat and keeps heat inside in the winter and outside in the summer. UV is also reflected, protecting furnishings from fading while allowing plants to thrive.
4. **Gas Fill:** inert argon is more dense and insulates better than regular air.
5. **Warm Edge Spacers:** like Intercept or Super Spacer, keeps a window's glass panes the correct distance apart. Warm Edge Spacers insulate pane edges, reducing heat transfer through the window.

Dual Pane

Triple Pane

Product Rating	Up to this size window*	Structural Test Pressure PSF	Water Resistance PSF	Air Infiltration cfm/ft ²
Casement R-PG50	36" x 72" DS glass	50	7.5	0.03
Awning R-PG50	48" x 24" DS glass	50	7.5	0.03
Picture R-PG50	48" x 48" DS glass	50	7.5	0.03

The lower the **U-value**, the greater a window's resistance to heat flow and the better its insulating value.
The lower the **SHGC**, the more a product is blocking solar heat from coming through the window.
VLT - Visible Light Transmittance - lower values mean less light passing through the window.

* windows outside these size limits have not been structurally tested

CHOOSE YOUR PERFECT LOOK

COLORS

SOLID VINYL COLORS

White Tan

LAMINATED INTERIORS

Cavalier Oak Colonial Cherry

LAMINATED EXTERIORS

Black Bronze

Woodgrain and exterior laminates available on white

Perimeter

Valance

Flat and Georgian profiles available. Grids are color matched to window. Grids are placed between the glass and are securely locked in to place, so they'll always remain straight and true.

HARDWARE FINISHES

Hardware is color matched to window, or you can choose one of our designer finishes:

Antique Brass

Oil Rubbed Bronze

Satin Nickel

WHY VINYLMAX?

Quality First. In our facility, we utilize the most modern manufacturing methods and technology to produce the highest quality vinyl replacement windows. This results in the best value for your home.

Made in the USA. Vinylmax is passionate about American manufacturing, American jobs and the American economy. That is why we source the majority of our components from other American manufacturers and fabricate our windows in our Ohio factory. When you buy a Vinylmax window, you can be sure you are not only getting American quality, but also supporting and sustaining local communities.

Our Process. Modern homes for modern families require windows designed to aesthetically and efficiently complement them. At Vinylmax, we utilize state-of-the-art manufacturing technology to produce both energy efficient windows and patio doors with features and accessories with today's family in mind.

Warranty. To protect your investment and our reputation, we back our products with a Lifetime Limited Warranty so strong that it will exceed your expectations.

Family Values. As a family owned and operated business, we value and respect our employees and their families as well as the millions of families who have our windows in their homes.

OUR STORY

Founded in 1982 by the Doerger family and manufacturing a mere five windows per day, the Vinylmax legacy began to unfold. As one of the very first vinyl window manufacturers in the United States, Vinylmax embraced the philosophy that quality custom windows manufactured quickly would inspire loyalty in its customers.

Today, the next generation of the Doerger family continues to embrace that philosophy. Millions of American homes are more beautiful and more energy efficient, thanks to Vinylmax windows.
